

**Texas Northern Model Railroad Club (TNMRC) with a 30 year history is the largest DFW area permanent model railroad exhibit. TNMRC is located in a business park center at 11999 Plano RD Suite #154 Dallas, TX 75243. The TNMRC clubhouse contains a 1,700 sq ft. HO scale layout capable of running DC and DCC plus a smaller N scale DCC only layout. TNMRC currently has over 90 members. The club meets on each Thursday evening (free style running) and every Tuesday evening for our TNMRC-RAILOPS operations group session. We are currently utilizing the JMRI computer controlled train movement system. The typical operating session will include 15-30 operators with lots industry switching activity.**

**TNMRC currently has over 90 members making it one of the largest model train clubs in the state of Texas. The club is known for exceptional track work, maintenance and is artistically scenicked. The layout allows for extremely long trains to be run which is a favorite sight for visitors attending one of our many open houses. We are currently accepting new members including a remote discounted option for those whom live more than 100 miles from our location, but routinely find themselves visiting the DFW area. Fully vested members have 24/7 access to the clubhouse.**

**TNMRC has a website : [www.texasnorthern.org](http://www.texasnorthern.org) and an active facebook page: [www.facebook.com/tnmrc](http://www.facebook.com/tnmrc)**

**Texas Northern Model Railroad Club is a 501C3 Organization**
